Case 10-210

Plaintiff,

vs.

IndyMac/One West

Defendant

ORIGINAL PETITION

8 Date: 7/8/10

10 INTERESTED PARTIES

11 In response to the court's request for a list of interested parties, Plaintiff notices the court that  
12 plaintiff is unaware of other interested parties. The problem with interested parties is part of the  
13 claim in the suit. Defendant has claimed agency and, thereby, must be an interested party. All  
14 other interested parties should be listed in the public record of the court, but since Defendants  
15 have failed to follow the law requiring all sales of the security instrument, which is the source  
16 document over which this suit is filed, has not been properly filed with the clerk of the county  
17 court, Plaintiff is unaware of other potential interested parties. Plaintiff will supplement  
18 subsequent to discovery.

19 Respectfully submitted,
